For the MEN

IT'S A WONDERFUL PROJECT WHERE YOU COMBINE CROCHET AND BACKSTICKS FOR AN INTERESTING END PRODUCT

By **CHRISTA SWANEPOEL** *Photo's* **GARETH VAN NELSON**

Tips

- Crochet the scarf as wide and long as you prefer.
- Use any Chunky Crochet Yarn
- Choose any colors of your choice.
- Make your own color chart from your chosen colors.

WHAT DO YOU NEED?

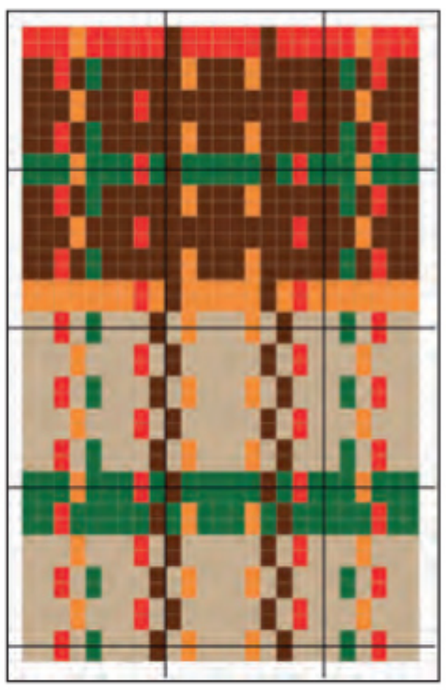
- Kartopu Melange (100 g)
- 2 balls beige (k855)
- 1 ball each brown(k4001), green (k439), mustard (k1854), red(k2117)
- 7 mm-crochet hook
- Thick wool needle

SIZE

About 25 cm x 200 cm

COLOR CHANGE

Alternate colors as indicated in diagram or as preferred.



STITCH EXPLANATION

Long leg at start of row. You can make 3 sc for the first long leg of the row, but one way to make rows of long legs without the large gap between the first and second long legs of a row, is to make the first long leg as follows:

1 | Pull the loop up to as long as a long leg

2 | Hold the loop on the crochet hook with your forefinger and do not let go until the end.

3 | Bring the tip of the crochet hook forward and under to the back (still holding the loop firmly).

4 | Insert the crochet hook from the front through the first long leg of row, hook threadand pull it through (3 loops on needle, one of them the original loop, which you are still holding).

5 | Complete long leg as normal and release first the loop if you pull the thread through last two loops.

DIRECTIONS

Make 28 sc.

Row 1 | 1 sc in 4th sc from peg, and 1 sc in each sc to end (25 sc).

Row 2 | 1 lb in each lb to end. Repeat row 2 and alternate colors as shown in diagram or as desired until scarf is 2 m long or desired length.

HARNESS

1 | The row stitches are done twice. Cut strands twice the length of the scarf plus 2 x 20 cm or however long you want fringes. You can always cut it shorter afterwards.

2 | Thread first color onto the needle so that you have a double thread.

3 | Thread it above and below through the row of long legs in the length of the scarf.

4 | Thread the second color on the needle and thread it through alternating long legs opposite first row as in diagram.

5 | Repeat the garter stitches until they are complete.

6 | Lay the scarf flat and ensure that the ribbing stitches lie flat and not tucking in the scarf.

7 | To strengthen the rowing stitches so that they do not accidentallykelp at the top of the first long leg to the back, hook the double chain stitch, pull it through, hook the loose part of the double chain stitch and pull it through the loop. Pull it tight.

8 | Make fringes against open long legs.

9 | Trim fringes evenly.

See packaging material for care instructions.
